

#Gaming Tutorial

Connecting to an IRC Bouncer

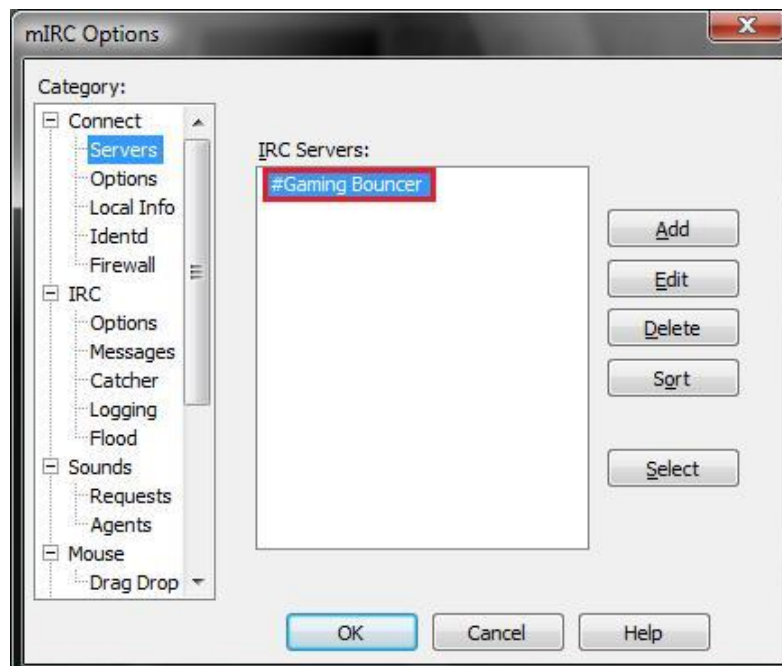

Step 1: Adding the bouncer details to your mIRC

Make sure you are not connected to any IRC-Server!!!

Go to "Tools" -> "Options" -> "Servers" -> "Add" (ALT + O -> "Servers" -> "Add")

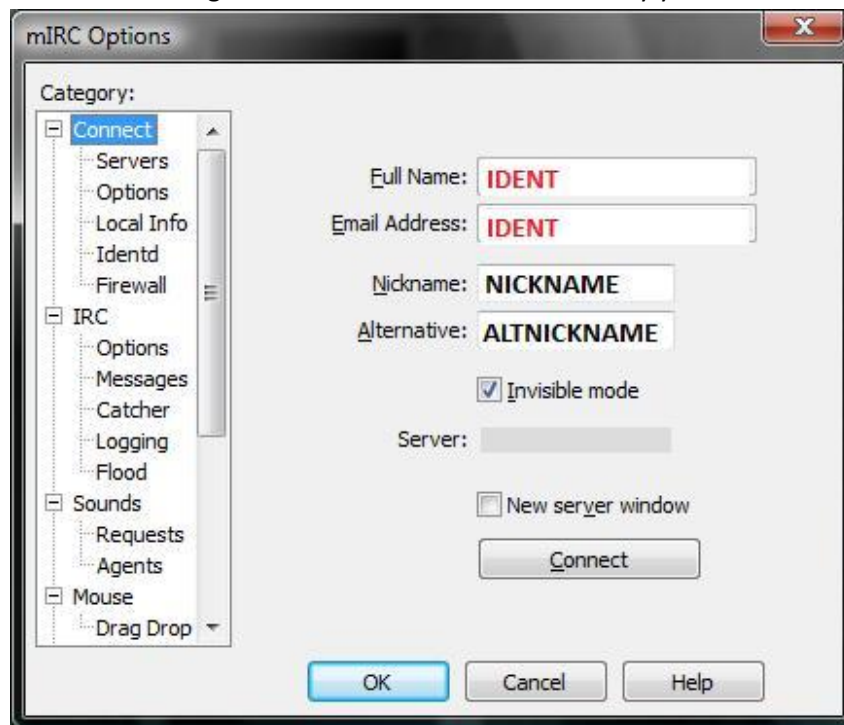

double click on #Gaming Bouncer (red marked)

Step 2: Setting up Realname , E-Mail , Nickname and alternative Nickname

Things written in **red** has to be the same like the info you got from #Gaming!!!
Things written in black can be chosen by you.

Step 3: Setting up Identd

After you have setted up your Full Name , E-Mail and Nickname you have to set the Identd.
Click on the left Optiontree on "**Identd**"- Just change the User ID, keep the other settings!
